THE UNIFORM GROUP

The Uniform Group

- We would like to take this opportunity to welcome you to our product guide and assure you that you will receive the highest quality products, combined with our exceptional service.
- The Uniform Group Inc is a full-service uniform clothing supplier, complete with our own manufacturing plant.
- Since 1988 we have supplied tailored and/or unstructured clothing, matched together with unequalled service.
- We believe that durability and safety go hand in hand, so therefore there are no shortcuts for the qualities required.
- Custom embroidery and reflective tape applications are available on request.
- If there is something you are looking for but don't see it in our "Buyers Guide", Please call us to see if we could make it for you. We can do special production runs.
- We would like to thank you for your interest and support of The Uniform Group and our product lines.

SIZING SCALES

MEN'S SIZING SCALE

SIZE	EXTRA SMALL	SMALL	MEDIUM	LARGE	EXTRA LARGE	XX LARGE
CHEST	32-34	36-38	40-42	44	46-48	50-52
NECK	13-13 1/2	14-14 1/2	15-15 1/2	16-16 1/2	17-17 1/2	18-18 1/2
WAIST	26-28	30-32	34-36	38	40-42	44-46

* To allow freedom of movement we have cut all our uniforms on a full cut.

WOMEN'S SIZING SCALE

WOMEN'S SIZES FROM MEASUREMENTS FOR SHIRTS AND PANTS										
SIZE	XS		S		M		L		XL	
	4	6	8	10	12	14	16	18	20	
Bust	33	34	35	36	38	39	41	43	45	
Waist	24	25	26	27	29	30	32	34	36	
Hip / Seat	35	36	37	38	40	41	43	45	47	

* Womens's pants are tailored to allow 1/2" of ease in waist and 2" ease in hips. waistbands can be taken in to a smaller size but cannot be made larger. It is recommended that you order pants based on hip measurements unless the corresponding waist size is too small, then use the waist measurements.

Notes

CHEST

To find the correct fit, bring the tape measure under arms and across back, measuring across the fullest part of the chest

NECK

To find the most comfortable fit, place the tape measure around the neck making sure the tape measure is not tight enough to choke or loose enough to sag

SLEEVE LENGTH

For proper sleeve length, place the tape measure over the shoulder and measure from the location of the collar label to the cuff, with elbow slightly bent.

WAIST

To find the most comfortable fit, place the tape measure around the waist making sure the tape measure is tight enough, but not loose enough to sag

INSEAM

Measure the inseam from the crotch, down in seam to the top of shoe heel
